## GERMAN SENIOR EXPERTS (GSE)

The German Senior Experts (GSE) are a brand of the Senior Expert Service (SES) – built on 40 years of experience in the international secondment business and know-how transfer.

The GSE offer their expertise to companies and educational institutions in Germany and abroad. Business areas include global mobility, integration mentoring, management consultancy, further education and teaching.

### Expertise worldwide

The experts at GSE have in-depth professional experience and a high degree of temporal flexibility. They stand for customised solutions and precise coordination – around the globe for every need.

**Values:** fairness, neutrality, openness, responsibility and respect

## Senior Expert Service (SES)

The Senior Expert Service (SES) is the leading German deployment organisation for volunteer experts and managers who are retired or taking a career break (Weltdienst 30+). The SES is backed by more than 13,000 experts from all sectors. Many of them are also active for the GSE.

### For skilled workers from abroad

Shortage of skilled labour? Your answer is to recruit specialists on the international market? This is costly and must be worthwhile. Our experts are the perfect addition to your own integration programmes: as interculturally experienced mentors, they help skilled workers from abroad to find their way in their new environment.

#### Our offer

- > support in everyday matters
- > provision of practical information and contacts
- > coping with professional or private challenges
- > aftercare with selective support
- > ensuring sustainable integration

#### Our strength

- > international orientation
- > intercultural competence
- > expertise in all sectors
- > extensive experience with mentoring programmes

We would be happy to make you an individual offer.
